Product highlights

- ***Dual alarm***
  Allows you to select two individual waking times or different weekday/ weekend waking times – without the inconvenience of resetting alarm times.
- ***Dynamic bass boost***
  Boosts bass response as much as 8 decibels (nearly 3 times more than normal). DBB yields full, rich tonal quality at all volume levels.
- ***Large 1.4" green LED display with brightness control***
  Pleasant green LED readout is sufficiently subdued to be non-intrusive during sleep, yet bright enough to be easily recognized.
- ***59 Minute sleep feature/ slumber***
  Allows the user to enjoy up to 59 minutes of radio entertainment while going to sleep. At the end of the 59 minutes, the radio will automatically shut off.
- ***24 hour alarm reset***
  Automatically resets the alarm function for the same time on the next day, eliminating the need to manually reset the alarm after each use.
- ***Wake up to radio or beeper***
  Provides two options to wake to either a pre-selected radio station or a beeper.
- ***Repeat alarm/ slumber***
  Pressing the Snooze button will temporarily switch off the alarm allowing it to sound again in 10 minutes. To cancel the repeat alarm mode, simply press the designated button to return to regular time and alarm functions.
- ***Fast forward/ slow reverse hours/ minutes time/ alarm set***
  Offers quick and easy setting of the correct time and desired alarm times. Fast forward and slow reverse controls simplify adjustment.
- ***Battery back-up***
  A 9-volt battery (not included) maintains correct time and alarm time settings in the event of a brief power interruption or power failure. Should this occur, the display will be disabled, but the alarm remains active.
